Hidden Vallesynen Nagrosteripulture

Hubert and Richard VanDuyne
PHONE: MILLINGTON 7-1158
150 SASSAFRAS PLACE
GILLETTE, NEW JERSEY

HIDDEN VALLEY NURSERY is easy to find with the aid of a road map of northeast New Jersey. It is approximately half way between North Plainfield, on Route 22, and Morristown, on Route 202.

HIDDEN VALLEY NURSERY is off Meyersville Road, between Gillette and Meyersville, 25 miles due west of the Statue of Liberty. Go to the intersection of Mountain Avenue, Meyersville Road, and Long Hill Road, at the top of Long Hill, above Gillette. Look for the HIDDEN VALLEY NURSERY sign two-tenths of a mile down the hill toward Meyersville from this intersection. The nursery is at the end of Sassafras Place, ½ mile off Meyersville Road.

Prices quoted here are net cash for materials F.O.B. the nursery.

The caliper, where given, determines the price. The figures in parentheses indicate the approximate height of the trees.

Specially selected specimens will be sold at prices higher than listed, according to the quality of the plants chosen.

This list cancels all previous lists. Prices are subject to change without notice.

Most items are available IN GROUND. If you dig B&B, the price is usually the same as the bare root price listed here, though in some instances it is substantially less. If you dig bare root, there is always a considerable saving.

root, there is always a considerable saving.

The roots of HIDDEN VALLEY NURSERY trees are never exposed to the sun or air even for short periods. As soon as dug, the trees are thoroughly heeled in, — actually replanted, with all roots in contact with moist soil, — where they remain until you call for them. This is one of the reasons why our customers come back year after year.

You are invited to visit HIDDEN VALLEY. NURSERY to inspect the trees.

HIDDEN VALLEY NURSERY is a member of: New Jersey Association of Nurserymen

North Jersey Methopolitan Nurserymen's Assn. New Jersey Federation of Shade Tree Commissions

Passaic Valley Chamber of Commerce

HIDDEN VALLEY NURSERY has a nursery inspection certificate from the State of New Jersey.
